* Length dimension references tooth-bearing section of jig saw. The total length, including blade tang, is approximately 1" longer.

NEW STARRETT EXCLUSIVE Dual Cut™ Jig Saw Blades

- Burr-free cut on both sides
- Wood-cutting saw design with teeth in both directions
- Starrett-exclusive Unified Shank® allows use with both universal and Bosch tools
- Shatterproof design, unbreakable during normal use
- 170% greater resistance to tooth breakage
- Longer tool life
- Lower cost per cut
- Fits Black & Decker, Bosch, Skil, Craftsman, Makita 4340, DeWalt, Metabo, Milwaukee and Porter Cable Saws

Smoothcut Cordless Hole Saw Assemblies

- Maximize utility of a handheld cordless drill
- Constant pitch set of eight teeth per inch with durable bi-metal construction delivers vibration-free cutting and extends the service life of battery operated tools
- Flared design at the base cap ensures that no cut extends beyond the 1/2" cutting depth
- Effective choice for most materials including mild steel sheet, plasterboard, wood and thin non-metallics
- Furnished as a complete tool with no need to purchase a separate arbor and pilot drill
- Compatible with AQC-14 Quick Change Connector
